

Change Management TDK-Micronas Product Termination Notification

No. 19014

PRODUCT DISCONTINUANCE (PHASE-OUT)

March 13th, 2019

Phase Out of HAL28xy

Dear Customer,

TDK-Micronas strives to propose to its customer the best-in-class quality products to answer the market constraints and customer's demand. However semiconductor products have a limited life time.

Consequently, it is therefore necessary for TDK-Micronas GmbH to discontinue the production of the following products:

Discontinued Products	Possible Replacement
HAL283x, TO92UT Package (SENT)	No replacement available
HAL285x, TO92UT Package (PWM)	HAL2455 (no 12V direct supply)

In order to ensure your back-up demand, we kindly ask you to predetermine your total demand for the "last buy" and give us your last orders by **September 30th, 2020**.

Phase-Out Plan:	
Last Order Date: (firm, non-cancellable orders)	September 30th, 2020
Last Delivery Date:	December 30th, 2021

Please note that last buy orders are firm, non-cancellable and have no reschedule possibility.

An official receipt of this document would be welcome.

This PTN is valid without signature.
