

# Product Change Notification

## TE Connectivity

**Product Change Notification:** P-22-023142

**PCN Date:** 02-AUG-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
5W MPQ+MQS Hybrid Housing

**Description of Changes**  
PCN for Notification ONLY. Dear Customer, we hereby inform you about a running raw material change for mentioned part numbers, which are under design responsibility of TE Connectivity. As already communicated, this action is mandatory to ensure the deliveries towards our customers and avoid shortages. In case of further questions and detailed information, we kindly ask you to get in touch with your sales representative first to achieve a common understanding.

**Reason for Changes:**  
Part status change. Due to material shortages which has resulted in an obsolescence from the current resin supplier, TE Connectivity has switched the selected components to a new material source with the same characteristics as the previous material (both previous and new material are PBT-GF10). TE Connectivity has successfully performed the mechanical tests required of a new material source change. The material is of the same characteristics and to the best of TE's knowledge, no negative impact on product performance is foreseeable. TE does not assume liability for any damages or claims related to the change of material. The traceability of the parts is given by the date clock on the housings. Mechanical test results are available upon request.

<b>Estimated Dates:</b>	
<b>Last Order Date</b> (Obsolete Parts Only):	<b>First Date To Ship</b> (Changed Parts Only):
	02-JAN-2023
<b>Last Ship Date</b> (Obsolete Parts Only):	<b>Last Date for Mixed Shipments:</b> (Changed Parts Only):
	No Mixed Shipments

**Part Number(s) being Modified:**

Part Number	Part Discontinued per PCN	Customer Drawing	Customer Part Number	Alias Part Number(s)	Substitute Part Number	Substitute Alias Part Number(s)	Description Of Difference
