After Change:

Cosmetic Differences

Front (Faceplate) – Front faceplate and LEDs of the new production line. LED lenses are slightly more diffused than original production line. This may cause slight variations in luminosity.

Part Marking – Part number will appear on top of device and laser marked (part number shown is for illustration only).

EMI Fingers – fingertips flare inward towards body.

Board Guides – Star board guides

Cause/Reason for Change:

Standard product review. Increased manufacturing lines to support volume.
