PRODUCT CHANGE NOTIFICATION – IA with yellow actuator

Please note that the color of the yellow actuator will be slightly brighter.

The purpose of this modification is to allow laser marking on the actuator as shown on the below table. Please note that the marking option is not possible for all colors and is not standard. If you are interested in markings on the IA, please contact us.

This product modification will be implemented in January 2023. The price and PN remain the same.

Impacted products are all the IA with the yellow actuator color (option 5)

Here is a **non**-exhaustive list of impacted items:
