## TE Connectivity

**Product Change Notification:** P-22-022227

**PCN Date:** 23-FEB-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
Connector inserts color change

**Description of Changes**  
Dear valued customer, based on supply chain constraints we need to use the same resin in a different color for some of our connector inserts. Instead of the commonly used brick red color, black resin needs to be used in order to continue the production. The color is the only difference, all electrical and mechanical characteristics remain unchanged, the same applies to the existing UL approval. Not using this resin would lead to a interruption of supply to an undetermined date in the future. Please find affected PN`s below
