

Product Upgrade Notice: DDR/RSD Series Acquired CB/UL IEC/UL62368-1 Safety Approvals

Date : 2020/09/04

By: Frank Chen/Product Manager

Frank@meanwell.com

MEAN WELL DIN Rail type, DDR series, and enclosed type, RSD series have been highly praised since launched. To meet the needs of safety certification from end customers, MEAN WELL applied and acquired CB/UL IEC/UL62368-1 safety certification for both DDR-15~240 and RSD-30~300 series, allowing the end system to save huge safety fees and to eliminate cumbersome safety certification procedures.

The following standard product series are upgraded to the new version after the production date. MEAN WELL will fully absorb the costs incurred from this upgrade and will not increase the product price. If you have any questions, please check the updated product datasheet on the MEAN WELL website or contact your MEAN WELL sales representative.

Model	Upgraded Date	Lot. No
DDR-15	2020.6.23	Y2007C
DDR-30	2020.5.26	Y2006C
DDR-60	2020.6.9	Y2007A
DDR-120	2020.7.28	Y2008C
DDR-240	2020.6.16	Y2007B
RSD-30	2020.6.9	Y2007A
RSD-60	2020.6.9	Y2007A
RSD-100	2020.8.18	Y2009B
RSD-150	2020.7.14	Y2008A
RSD-200	2020.7.14	Y2008A
RSD-300	2020.8.18	Y2009B

*Note: DDR-480/RSD-500 Series are certified to CB/UL62368-1 when they are released.
