Re: Obsolescence of SCS40, SCS60, SCT62, SCT4x, SCT65 & SCD series

Dear Valued Customer / Partner,

TDK-Lambda has been reviewing sales of slow moving products with regard to upcoming safety certification and EU RoHS Directive changes. As a consequence, we are offering a last time buy for these products, which were first launched in 1999. The SCT63 will remain in production. This does not affect the SCS120PW series. Due to increasing lead-times for components the last time ship date has moved from the previous notice. This notice supersedes any prior notice.

The part numbers are:

SCS4024
SCS4048
SCS6012
SCS6024
SCS6028
SCS6048
SCT42
SCT45
SCT48/R
SCT62
SCT65
SCD601515
SCS6012H
SCS6024002

TDK-Lambda recognizes that as a past or current customer of these products, you may require additional units for service spares. We are offering a last time buy opportunity until April 5th, 2019, with an estimated last time ship date of Dec. 5th, 2019. Please understand that these orders would be non-cancelable and non-returnable.

For alternative products, please contact our technical support for additional information. 1-800-526-2324 or email lambda.techsupport@us.tdk-lambda.com
