**Originator:** Thomas Oberschelp/BEE/Technik/EE/de/ERNI , +49 7166 50-

**Reason and description of change:**

Valued customer,  
in order to optimize our assembly processes, we introduce a new shielding component. The difference between the old and the new part is the fixation geometry, that keeps the shielding component on the connector until the solder clips are assembled.

Old version

New version

This change will be operated without partnumber change of the connector and has no impact on form fit or function of the connector.
