

SRA TF5000 NO-CLEAN TACKY FLUX PASTE**Product Description**

After two years we have developed a no-clean tacky flux that is lower in odor and tackier than anything else on the market! This flux will not run all over PCB when applied, making it ideal for rework solder and desoldering.

Key Features

- No Mess with easy to use Squeeze Tube or Syringe
- Non-corrosive and non-conductive
- Low Pleasant odor
- This flux leaves very shiny solder joints
- Recommend for use with SRA Fast Chip Removal Alloy for SMD rework.
- This product is RoHs Compliant

Available Sizes

- **TF5000-2CC** – 2cc Squeeze Tube
- **TF5000-2CC-6** – 2cc Squeeze Tube (Six Pack)
