## Before Change

- PCN#506284 - 16B & 24B HP/HE Hoods/Housings
- Product Aesthetical Review

## After Change

### Overview:

- As a result of our continuous strive to improve our products, the aesthetic of 16B & 24B HP-HE hoods/housings has been reviewed. The grooves on the surface have been redesigned compared to the previous version, as displayed by the pictures on the left.
- The change is just aesthetic and doesn't have any impact on fit & functionality of the involved parts.
- This is part of a wider change. The location for 16B & 24B HP-HE hoods/housings tools building has been moved, with the result of a tighter control on the production processes and shorter lead times, so to support the increasing demand from the market and fulfill our customers requests. Moving the location, we have built new tools and made an aesthetical review of the involved parts.
- See the attached part numbers list. (16B & 24B HP-HE Hoods/Housings).
- Qualification Reports and samples available upon request after the date shown above.
