

Change Notice

IS Series

Discontinuation of Development Kits, New Engineering Kits Available

Type of Change:

- Engineering Part Number
 Product Appearance

The IS Series Development Kits (IS-DEV KIT) will be discontinued, and new kits, IS Series Engineering Kits (IS-ENG-KIT) are now available. The new kits are not identical alternates, as all of the switches have been updated with newer models of IS Series switches. There are User Manuals available for each of the new Engineering Kits.

IS-DEV KIT-7 and IS-DEV KIT-9 are among the Kits to be Discontinued
