Product:	METRAL® Converged Right Angle headers		Part Numbers Concerned:	See list attached
Product Manager:	F. Lahoreau		Issue Date:	11 Dec, 2008
			Page(s):	1/1
Distribution:	GLOBAL			

Subject: End Of Life of non running Right angle headers that are not transferred for manufacturing responsibility to FCI-China due to the closure of FCI manufacturing plant in La Ferté Bernard, France

Nature of Change:

A limited list of low running Right angle header Metral Connectors will not be transferred to Chinese factory and be stated as end of life, replaced by Lead Free compliant products or single module connectors, completely form fitting the pruned products

Affected Part Numbers: See enclosed list.

Alternative Products: most of those products could easily be replaced by single module offering or direct ROHS equivalence.

Effective date:

The product responsibility of alternative products to Chinese factory is effective at December 15th 2008 without any customer nor delivery disturbances. The physical transfer of different manufacturing tools is still on going as stated in PCN 08155.

Action Required: Please inform customers on this transfer.

For questions regarding this PCN contact:

Your local FCI sales representative and/ or account manager will be available to take questions and provide additional information upon request.
