Product Change Notification - CSI0500007 - JAON-08AHID607

issued for this combination of product type and process technology. Microchip Parts Affected: Please open the attachments found in the attachments field below labeled as PCN_#_Affected NOTE: For your convenience Microchip includes identical files in two formats (.pdf and .xls). Description of Change: Release to production of listed Micrel Regulator product type manufactured with the CSI05 pro technology to Microchip Fab. NOTE: Please review the FAQ linked <u>here</u> for additional information about this change. Pre Change: Fabricated at Micrel fabrication site (San Jose, CA, USA) using 6 inch wafers. Post Change: Fabricated at Microchip fabrication site using 8 inch wafers. Pre and Post Change Summary: Impacts to Data Sheet: None	Date:	07 Dec 2016								
Notification text: manufactured with the CSI05 process technology to Microchip Fab. PCN Status: Final NOCN only pertains to the products listed in this PCN. Additional final PCNs may issued for this combination of product type and process technology. Microchip Parts Affected: Please open the attachments found in the attachments field below labeled as PCN_#_Affected NOTE: For your convenience Microchip includes identical files in two formats (.pdf and .xls). Description of Change: Release to production of listed Micrel Regulator product type manufactured with the CSI05 protection glo bildrochip Fab. NOTE: Please review the FAQ linked here for additional information about this change. Pre Change: Fabricated at Micrel fabrication site (San Jose, CA, USA) using 6 inch wafers. Post Change: Fabricated at Microchip fabrication site using 8 inch wafers. Pre and Post Change Summary: Microchip fabrication site (San Jose, CA, USA) Mafer Size 6 inch wafers Wafer Size 6 inch wafers More Size 6 inch wafers Market Size 6 inch wafers Market Size 6 inch wafers Barbicate to Data Sheet: None Reason for Change: To improve productivity with the closure of the Micrel fab as part of the integration of Micrel and Microchip. Change Impl	Product Category:	Analog (Thermal, Power Man	Analog (Thermal, Power Management & Safety)							
Notification text: PCN Status: Final Notification Note: This final PCN only pertains to the products listed in this PCN. Additional final PCNs may issued for this combination of product type and process technology. Microchip Parts Affected: Please open the attachments found in the attachments field below labeled as PCN_#_Affected NOTE: For your convenience Microchip includes identical files in two formats (.pdf and .xls). 	September 2015			->	September 2016				->	December 2016					January 2017						
Workweek	36	37	38	39	40		35	36	37	38	39		48	49	50	51	52	01	02	03	04
Initial PCN Issue Date CYER- 31JLEX869	x																				
Qual Report Available JAON- 08AHID607										х											
Final PCN Issue Date JAON- 08AHID607- CSI0500007														x							
Estimated First Ship Date																				As listed in the attached parts list.	

Markings to Distinguish Revised from Unrevised Devices: Traceability code and shipping label see FAQ.

Revision History:

September 1, 2015: Issued initial notification as PCN number CYER-31JLEX869.

September 25, 2016: Issued intermediate notification as PCN number JAON-08AHID607. Attached the Qualification Report. Revised the estimated first ship date (EFSD) to inform that the EFSD will be revealed in the final PCN.

December 7, 2016: Issued final notification as PCN number JAON-08AHID607-CSI0500007 for listed Micrel's Regulator products manufactured with the CSI05 process technology. Provided estimated first ship date (EFSD) for each CPN listed in the attached parts list.

The change described in this PCN does not alter Micrel's or Microchip's current regulatory compliance regarding the material content of the applicable products.
