Change Type:	Orderable Part Number Retirement and Replacement				
Description of Part Number Retirement and Replacement:					
<p>Texas Instruments, Incorporated (TI) is announcing the retirement of the below Orderable Part Numbers due to changing a proprietary material used in the DMD process. A non-cancelable, non-refundable life time buy is being offered. Replacement part numbers are provided in the Product Affected section below.</p> <p>These replacement part numbers are designed to operate with TI proprietary Pre-conditioning sequence at power down. New software and project changes are mandatory to enable Pre-conditioning sequence at power down. Please consult your application engineer for questions.</p> <p>NOTE: There are no samples offered for withdrawn/obsolete products. For samples of any replacement products, please contact your local sales representative.</p>					
Reason for Part Number Retirement and Replacement:					
This change is part of TI's proactive chemical use policy and continuity of supply.
