Dear Customer,

In order to focus on our core products, Lighting Science Group Corporation (LSGC) has made the decision to discontinue our Lamina line. The Lamina product numbers are listed on the attached and discontinued effective immediately. We will be clearing our inventory of this product line and will make every effort to fill open orders as quickly as possible.

We thank you for your business over the years and look forward to working with you on other lighting projects through our standard Lighting Science Group product portfolio. If you have questions regarding the discontinuation of Lamina or open orders, please contact us by email at orders@lsgc.com or call our toll free number 877-999-5742.

Best regards,

Kevin Beber
Vice President, Sales Operations
Lighting Science Group Corporation
