**Subject:** Notification of Changes To Littelfuse’s Cable Limiter Product Offering

Document# LFPCN\_PG0058

Date: 08/07/2015

This letter is to inform Littelfuse Sales, Sales Support & Customers of the planned addition and obsolescence of targeted cable limiter part numbers as a result of a recent line review. The new line-up will improve availability and expand the number of cable sizes offered within the most popular terminations. We apologize for any inconveniences the discontinued part numbers may cause. Products will be labeled with the manufacturer’s product information while the cartons will bear Littelfuse part numbers for easy reference. For the complete ordering number listing, specifications and dimensional information, please visit our website at [littelfuse.com/lfcl](http://littelfuse.com/lfcl)
