

Product Change Notification

TE Connectivity

Product Change Notification: P-14-010165

PCN Date: 14-MAY-14

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
 Changed the contact to increase the normal force on the LED

Description of Changes
 TE Connectivity changed the contact by placing dimples on the contact to increase the normal force place on the LED. This change was completed in July 2013. Any product with a date code of 2913 or older should be returned to TE Connectivity. This was changed in July 2013.

Reason for Changes:	
Product improvement.This was done since the thickness of the LED manufactures changed and TE Connectivity needed to update its product.
