XG4E Flat Cable Connectors - Change to Printing Method

In an effort to enhance our production process, Omron will change the printing and marking method used for the XG4E Series MIL Flat Cable Connectors. The new method of marking the product will take effect as of our production in February 2022. This modification notice will explain the appearance change of the marking on the XG4E Connectors. This change will not alter the technical specifications or external dimensions of the connector or socket. The models to be affected include all, but are not limited to, the models listed below; should you have any additional questions, however, please communicate with the Connector Product Manager, Patrick Lahey.

Effective Date:

Effective as of our production in February 2022
