To comply with the European Union's Construction Products Regulation (CPR), Panduit's EuroClass fiber optic cables are periodically tested by a 3rd party lab (a notified body) to re-confirm Euroclass, smoke, flaming droplet and acidity ratings. In the latest round of testing, Panduit's indoor-outdoor stranded tube Cca rated cables were downgraded from Cca-s1a-d1-a1 to Cca-s1b-d1-a1. The part descriptions have been updated to reflect this change.
