## PRODUCT CHANGE NOTICE

PCN 2010-05  
June 23, 2010

Product: HVC Series High Voltage Thick Film Chip Resistors.

Change From: For some package sizes and resistance values, individual components were marked on the top side with the resistance value.

**Change To: There is no part marking, regardless of package size or resistance value.**

Explanation: This action has been taken in order to be consistent for all parts in the series. In the past these parts were supplied in some package sizes and resistance values without marking. To avoid confusion and maintain consistency for the product series, all new product manufactured after June 23, 2010 will not be marked.

Effective Date: June 23, 2010.
