

Honeywell Announces Second Source Components to Select AWM 5100 Series Airflow Sensor Covers, Housings, and Adapter Fittings

In order to ensure continuous supply to our customers, Honeywell Sensing and Internet of Things (SIoT) is adding a second source, effective immediately, for the cover, housing, and adapter fitting for select AWM 5100 series parts.

All new parts have undergone extensive design validation testing. The form, fit, and electrical performance of the old and new sensors are the same, and customers should notice no difference.

ABOUT AWM SERIES FORCE SENSORS

All airflow sensors operate on heat transfer — flow and differential pressure. Silicon chip design is created from thin-film, thermally isolated bridge structure, containing both heater and temperature sensing elements. This provides rapid response to the air or gas flow and amount and direction, delivering a proportional output voltage. Amplified versions provide an enhanced output signal and less external circuitry, while unamplified versions allow additional external circuit options. For additional product materials, please visit the [Airflow Series](#) product page.

AFFECTED PART NUMBERS

AWM5101VA	AWM5104VA
AWM5101VN	AWM5104VC
AWM5102VA-DT	AWM5104VN
AWM5102VN	AWM5104VN-DR
AWM5103VA	AWM5104VN-IT
AWM5103VA-DT	X210810-AWM
AWM5103VC	X213252AWM
AWM5103VN

- APAC: Jeevesh Bawa, Product Marketing Specialist, jeevesh.bawa@honeywell.com, +91 96868 66551

WARRANTY/REMEDY

Honeywell warrants goods of its manufacture as being free of defective materials and faulty workmanship during the applicable warranty period. Honeywell's standard product warranty applies unless agreed to otherwise by Honeywell in writing; please refer to your order acknowledgement or consult your local sales office for specific warranty details. If warranted goods are returned to Honeywell during the period of coverage, Honeywell will repair or replace, at its option, without charge those items that Honeywell, in its sole discretion, finds defective. **The foregoing is buyer's sole remedy and is in lieu of all other warranties, expressed or implied, including those of merchantability and fitness for a particular purpose. In no event shall Honeywell be liable for consequential, special, or indirect damages.**
