The following Phoenix Contact products have been modified. Existing specifications will be met or exceeded. Please review and acknowledge this document and inform your personnel as needed.

Description for Product Change Notification

Two improvements have been made to the FL WLAN 110x and FL WLAN 210x series of WLAN devices.

1. The connection technology of the RJ45 connector has been changed from a Surface mount solder technology to a Through hole solder technology for better stability and reliability of the RJ45 connector.
2. A change has been made to the power circuit in the FL WLAN 110x and FL WLAN 210x to expand the input voltage range from 18-30 V DC to 9-30 V DC.

The older hardware version is still being shipped, if the new hardware is required please reference version -04 on your PO.
