Final Product/Process Change Notification

Document #:FPCN23658ZG Issue Date:22 Oct 2021

After the announcement on February 03rd, 2020 of the sale of Fab2, onsemi pursues the transfer of relevant products.

Before Last Order Date above: customers must provide Last-Time-Buy volume for products that will be transferred to manufacture the bridge-build quantity in the current facility (fab2) before the selling.

After the last order date above: the orders will be placed on the new part number (replacement part) or on the receiving fab (products with the same part number).

Last Delivery Date above: subject to a commercial agreement, onsemi may extend the deliveries outside the 06 months windows which is the proposed date of implementation in compliance to J-STD-46 or ZVEI, or earlier upon customer approval, or per our signed agreements but after depletion of inventory of the current material. However, such extended delivery conditions could be subject to an extension of the date code currently at 12 months.

Reason / Motivation for Change:	Source/Supply/Capacity Changes				
Anticipated impact on fit, form, function, reliability, product safety or manufacturability:	The device has been qualified and validated based on the same Product Specification. The device has successfully passed the qualification tests. Potential impacts can be identified, but due to testing performed by onsemi in relation to the PCN, associated risks are verified and excluded. No anticipated impacts.				
Sites Affected:	Sites Affected:				
onsemi Sites		External Foundry/Subcon Sites			
onsemi Carmona, Philippines		None			
onsemi Oudenaarde, Belgium					
onsemi, Gresham United States					
Marking of Parts/ Traceability of Change:	Traceability guaranteed by datecode				

Reliability Data Summary:

NOTE: AEC-1pager is attached.

To view attachments:

- 1.Download pdf copy of the PCN to your computer
- 2. Open the downloaded pdf copy of the PCN
- 3.Click on the paper clip icon available on the menu provided in the left/bottom portion of the screen to reveal the Attachment field
- 4. Then click on the attached file/s

Electrical Characteristics Summary:

Electrical characteristics are not impacted.

List of Affected Parts:

Note: Only the standard (off the shelf) part numbers are listed in the parts list. Any custom parts affected by this PCN are shown in the customer specific PCN addendum in the PCN email notification, or on the <u>PCN Customized Portal</u>.
