Product Change Notice (PCN)

EOL Notice: WRG / WRN / YRM Rocker Switches

Date 8/15/2013

This PCN is to inform you of the inactivation of the WRG, WRN and YRM with the following switching functions:

1. #5 – (ON) OFF
2. #7 – (ON) OFF (ON)

These particular switch functions are not VDE approved, however we do not have any housings without VDE markings on them. Therefore these particular switches (WRG, WRN, and YRM) with the switching functions listed above will not be offered by CHERRY going forward.

We will begin removing these options from our catalogs, websites, microsites and any other areas that we list them as an option.

Kind regards,

Ryan Eder
Marketing Manager
