January 10, 2017

Subject: Z16C3220FSG, 20 MHZ IUSC, 80-pin QFP, Continuation of Production Notification

Dear Valued Customer:

On December 20, 2017, Zilog announced an End-of-Life (EOL) status for several Zilog parts, including the Z16C3220FSG.

Due to increased customer interest, Zilog is pleased to announce we are canceling the EOL status for the Z16C3220FSG. This part will continue to be produced and remain in Active status.

Should you have questions regarding this matter or need additional assistance, please contact your local [Zilog Representative](#) or Zilog Customer Service at: zservice@zillog.com.

Thank you for your continued interest in Zilog products and services.

Sincerely,

Sonia Daley
