**PRODUCT CHANGE NOTIFICATION**

Ref: PCN MM-001-2019

Dear Customer:

Micro-Measurements is sending this notification because you have purchased item number MMF006602, MJG-2 Mylar Tape (1/2" width), or a Custom Product derived from this item, within the past two years.

Micro-Measurements has improved MJG-2 Mylar Tape to reduce telescoping on the spool and adhesive on the side of the spooled tape. This improvement is effected by careful qualification of a new tape as raw material. Catalog specifications for MJG-2 Mylar Tape remain unchanged.

The change to the new tape will occur as stocks of the previous tape are depleted. Customers may recognize and identify the improved MJG-2 Mylar Tape by the lot number. The improved tape will begin with **lot number 19061901**, and will be sequential thereafter.

If you have any concerns or questions, please reply to Micro-Measurements Customer Service ( [mmwd.customerservice@vpgsensors.com](mailto:mmwd.customerservice@vpgsensors.com) ).

Best regards,

A handwritten signature in black ink that reads 'Kevin Swiger'.
