

LCD Cable Length Toner & Probe Kit

Item: MT-7071

The LCD Cable Length Toner & Probe Kit lets you measure cable length up to 1200M (4000ft), and locate and verify the cable status and troubleshoot wiring. Ideal for all installation and maintenance fields of telecommunication, networking, datacom, Audio/Video, cable TV, and all weather cabling, etc.

Cable Length Measurement up to 1200M

- Measuring cable length to opens up to 1200M. Calibration accuracy: $\pm 2\%$
- Length measurement in feet, yard or meters
- Cable length measurements without remote attached

Calibration Parameters

- Can determine actual Calibration parameters with known length of cable
- Allows setting 1-7 Calibration parameters

Wire Tracing up to 3KM

Easily track wires directly in connection with live telecommunication equipment and router

Cable Mapping & status Indication

- Display the result of pin to pin cable mapping
- Display cable status and troubleshoot wiring for continuity, shorts, opens and crossover
- Max support to 8 remote units

Non Contact Voltage detection

- Tests voltage 90~1000V
- Checks the power is off before testing for circuit protection
