PART NUMBER:
7100.PGT120.TEST15
Barcode Scanner for the PGT120.COM ESD Tester

The barcode scanner allows employee to submit and log information during ESD testing.

The 7100.PGT120.TEST15 barcode scanner allows handheld and hands-free modes to scan. The dual functionality saves time and keeps everyone moving. The compact design allows the barcode scanner to fit in the most space constrained areas. There is audible and visual confirmation of successful scans which is convenient for noisy environments. A convenient side trigger allows users to adjust beeper volume on the fly. Omnidirectional scanning is also a component of this barcode scanner which eliminates the need to align bar code and scanner. There is increased durability with this scanner. It can endure drops and prevents nicks and scratches on the exit window.

Specifications

Light Source: Aiming pattern; single dot, 625nm LED
            Illumination: 630nm LEDs
Imager Field of View: 46 degrees horizontal x 29.5 degrees vertical
Roll: 360 degrees
Pitch: +/- 65 degrees
Yaw: +/- 60 degrees
Print Contrast: 25% minimum reflective difference
Swipe Speed: Up to 90 in./2.3m per second
Voltage and Current:
        Idle: 5+/- 10 % VDC@ 150ma average
        Scanning: 5+/- 10% VDC @ 230ma average
Color: Midnight Black
Dimensions: 5.5x3.1x3.2 inches
Weight: 9.4 ounces
