## Neblio StakeBox

StakeBox and Neblio have partnered together to bring you the Neblio StakeBox - a device that allows you to stake your Neblio cryptocurrency and make a return on your investment.

Staking Neblio is the process of securing the network with your coin weight, which in turn rewards you with new Neblio.

The stakebox requires little setup allowing you to get up and running in no time at all and includes all the essential accessories. Set it up and start earning crypto rewards\* without needing to buy an expensive computer rig.

## **What's Inside**

- Raspberry Pi 3 Model B
- Neblio Case
- 2.5A International Power Supply Unit
- 16GB SD card with Neblio software
- HDMI cable

## **Raspberry Pi 3 Specifications**

- Processor
