

SIERRA WIRELESS END-OF-LIFE NOTICE

OVERVIEW

DATE ISSUED:	May 2 nd , 2022	TRACKING NUMBER:	4134922
PRODUCTS AFFECTED:	HL6528RD		
SKUS AFFECTED:	HL6528RD 1.8V: 1103165, 1103477, 1103501, 1103836, 1104173, 1104515 HL6528GRD 1.8V: 1103166, 1103837, 1104174 HL6528RD 2.8V: 1103479, 1103838, 1104168, 1104320, 1104352 HL6528GRD 2.8V: 1103168, 1103839, 1104175		
BULLETIN:	End-of-Life Notice		
FOR DISTRIBUTION TO:	All HL6528RD Customers		

Summary

End of Life of HL6528RD and Last Time Buy.

Details of Change

Sierra Wireless hereby announces the EOL of the HL6528RD module from the HL 2G IoT Product Portfolio.

Customers wishing to extend the life of a platform that has integrated HL6528RD have two options:

1. Purchase sufficient quantity of the HL6528RD before the last purchase date to support the projected life of the platform. Note that due to global component supply shortages, the possible LTB quantity is limited and lead times may be extended. Please contact your account manager for more details. It is further recommended that you express your intention to place a LTB to your account manager in advance of the LTB date, for Sierra Wireless visibility and planning.
2. Integrate the HL7812 (best-in-class low power LPWA series, with 2G fallback), or another suitable Sierra Wireless module, for any new design.

HL6528RD is Not Recommended for New Designs, and Sierra Wireless will not support new design efforts using these modules. New designs are recommended to use HL7812. For information on Sierra Wireless HL78 Series modules, and other products, go to:

<https://www.sierrawireless.com/iot-solutions/iot-modules/lpwa-modules/>

<https://www.sierrawireless.com/products-and-solutions/embedded-solutions/iot-modules/>

Effective Dates

The LTB (Last Time Buy) date is **July 31st, 2022**. Purchase orders will only be accepted until this date, and will be NCNR (non-cancellable, non-returnable).

The LTS (Last Time Shipment) date is **April 30th, 2023**. All LTB orders must have requested shipment dates on or before this date. Sierra Wireless will make best efforts to ship orders by this date, however note that shipment dates may be negatively impacted by component supply shortages, and by LTB order quantities.

More information

Please also take note of a product bulletin for HL6528RD (document tracking number 4134921).

For more information please contact your Sierra Wireless sales representative.
