

Information Letter Number: 20220215NMO**Date:** 26.01.2022**Title:** Nubo Air Evaluation Kit end of life notification**Product Identification:** NMO-EVAL-CE1 (art. no. 3.000.530) & spare NMO-CE1 (art. no. 3.000.500)**Reason for Change:** Design Production Logistics Manufacturing Location Quality/Reliability Upgrade**Change Description:**

Due to a adjustment of Sensirion's strategy for our offering of connected environmental sensors it has been decided to discontinue the sales of the Nubo Air product line for fine dust monitoring in Smart Cities and Communities.

Consequently, to avoid buy-in of customers into a system with limited future support, we will pull the product from our distribution channels with immediate effect and without a replacement product. Existing supply will be bought back by Sensirion and should be shipped back.

Please contact intl-sales@sensirion.com to arrange the return process.

Existing customers will be supported as contractually agreed in the Terms of Service.

Spare part and possibility to extend subscription will be handled individually per customer by Sensirion directly

No last time buys.

Identification Method to Distinguish Change: Not needed**Samples:** available will be available in not applicable**Quantifiable Impact on Quality & Reliability:** No impact.**Estimated Implementation Date*:** February 15th, 2022

* The Estimated Implementation Date is the forecasted date that a customer may expect to receive changed product. This may be affected by fluctuations in supply and demand.
