

Notice of Limited Availability

Date: November 24, 2020

Dear Distributors:

This communication is to inform you the limited worldwide manufacturing capacity to support about 3,000 orders for the mentioned products or any derivate of. Orders will be taken first-in first-out. Products will be discontinued immediately after.

Fluke expects to have follow up products around Q2 of 2021.

Time to take advantage of the remaining manufacturing capacity, as Fluke will not be able to fulfill any additional orders after those 3,000 units are gone.

The models affected are:
