**Dear** < Customer FSE Last Name>,

**Subject:** Obsolescence of Certain 1230 Series Media Isolated Pressure Sensors

This is to inform you that, effective immediately, Honeywell will no longer be offering the following SKUs for sale, due to low demand of these products, which cannot support a robust supply chain. Accordingly, we are willing to facilitate a last time buy option for our customers, and are requesting that a final purchase order be issued prior to May 30, 2018.

PRODUCT NAME	PART NUMBER
1230 Series Stainless Steel Pressure Sensors	1230-L1222-W100G
1230 Series Stainless Steel Pressure Sensors	1230-L1222-W300G
1230 Series Stainless Steel Pressure Sensors	1230-L1222-W750G

At this time, we do not have specific replacement products. Contact your Honeywell representative for potential replacements.

Honeywell values its customers and realizes that this obsolescence may require you to identify an alternate product for your current applications. We want to work with you to make this a smooth transition to the available solution of your choice.

If you have any questions, please contact your Honeywell Sales Representative for Honeywell products, or me at [joseph.coakley@honeywell.com](mailto:joseph.coakley@honeywell.com) or 972.470.4223.

Sincerely,

*Joseph Coakley*
