# Protect It! 6-Outlet Surge Protector, 15 ft. Cord, 790 Joules, Diagnostic LED, Light Gray Housing

# MODEL NUMBER: TLP615

Safeguard your computer, printer, scanner, router, modem and other small home electronics against dangerous surges, spikes and line noise. Recommended for any desktop, network or home application requiring AC line protection.

## Description

Perfect for your home or office workstation, the TLP615 Protect It!® 6-Outlet Surge Protector features a surge protection rating of 790 joules to defend your sensitive electronic components against strong surges and spikes. In fact, Tripp Lite will repair or replace any connected equipment damaged by surges, including direct lightning strikes, up to \$20,000 for life (valid in the U.S., Canada and Puerto Rico only).

Because residential power outlets have three wires—hot line (H), neutral (N) and ground (G)—the TLP615 protects all three, covering the two protection modes: full normal mode (H-N) and common mode (N-G/H-G). It also filters out electromagnetic interference (EMI) and radio frequency interference (RFI) that can disrupt your electronics and inflict hardware damage or data loss.

Your devices plug into six NEMA 5-15R outlets, one of which is placed at the end to accept a bulky transformer without blocking adjacent outlets. An integrated 15A circuit breaker protects all outlets and shuts down connected equipment in case of overload. The lighted on/off switch provides one-touch control over connected equipment. A diagnostic LED confirms your connected equipment is protected.

The 15-foot AC power cord with NEMA 5-15P plug gives you enough flexibility to reach distant outlets while fitting easily into your workstation or home theater setup. Keyhole slots incorporated into the bottom panel provide convenient wall or desk mounting options for the light gray plastic housing.

#### Features

#### 790-Joule Surge Protection for Home or Office Electronics

• Protects your computer, printer, scanner, router, modem and other small home electronics against even

# Highlights

- 6 NEMA 5-15R outlets—one designed for a bulky transformer
- 790-joule surge protection rating
- Filters out threatening EMI/RFI line noise
- 15A resettable circuit breaker prevents dangerous overloads
- 15 ft. AC power cord with NEMA
  5-15P plug

### Package Includes

- TLP615 Protect It! 6-Outlet Surge Protector, Light Gray Housing
- Owner's manual

the strongest surges and spikes

- · Recommended for any desktop, network or home electronics application requiring AC line protection
- Full normal mode (H-N) and common mode (N-G/H-G) line surge suppression
- · Filters out disruptive EMI/RFI line noise that can cause equipment damage or data loss
- Exceeds IEEE 587 Category A and B surge suppression specifications 6 Outlets Accept Wide Range of Electronic Devices
- 6 NEMA 5-15R AC outlets accept most computers and peripherals
- Special end outlet designed for bulky transformers without blocking other outlets **Premium Safety Features**
- · Lighted on/off switch provides one-touch control over connected equipment
- Automatic shutoff permanently cuts power to outlets if protection circuit is incapacitated, preventing
- equipment damage and indicating replacement is required
- Diagnostic LED confirms protection status at a glance
- · Conforms to current UL 1449 3rd Edition safety standards
- ABS fire retardant plastic case provides extra safety and durability **Fits Effortlessly Into Your Workstation**
- 15 ft. AC power cord with NEMA 5-15P plug reaches distant outlets
- Keyhole slots on bottom panel provide convenient wall or desk mounting options Backed by Tripp Lite's Ultimate Lifetime Insurance
- \$20,000 Ultimate Lifetime Insurance covers any connected components damaged by power surge
  - (U.S., Canada and Puerto Rico only)

# **Specifications**

OVERVIEW		
UPC Code	037332166418	
OUTPUT		
Frequency Compatibility	60 Hz	
Output (Watts)	1800	
Output Receptacles	(6) 5-15R	
Circuit Breaker (amps)	15	
Overload Protection	15A resettable illuminated combo switch / circuit breaker	
Transformer Accommodation	(2) Yes	
Outlet Orientation	Single row of 6 outlets	
Right-Angle Outlets	No	
INPUT		
Nominal Input Voltage(s) Supported	120V AC
