

M85049/128 Band Straps

Banding Termination Solution

INDUSTRY STANDARD

- Meets M85049 NAVAIR standards

RELIABLE

- Time tested design has been used in Mil-Spec applications for years
- Corrosion resistant stainless steel

EASY TO USE

- Band straps available flat for side entry or precoiled for end entry
- Side-entry band straps allow easier installation and repair

VERSATILE

- Four band strap styles

TE Connectivity (TE) offers a selection of M85049 qualified banding straps. The M85049 industry standard is used on most military circular connectors, including MIL-DTL-38999. The band strap termination system provides ease of installation and repair. TE offers the corrosion-resisting steel bands in four styles to help meet your shield termination needs and termination tool of your choice.

Empower Engineers to Solve Problems, Moving the World Forward.
