

**Part Change Notification Number:**

TGEANA\_PCN\_0036

[sales@tglobaltechnology.com](mailto:sales@tglobaltechnology.com)

t: +44 (0)1455 553 510

**Date:** 8<sup>th</sup> March 2021**Parts Affected:**

Old Manufacturer P/N	Old Digi-Key P/N	New Manufacturer P/N	New Digi-Key P/N
TG-CJP-12-Li98	1168-2211-ND	XL25W-12-12-10	1168-XL25W-12-12-10-ND
		TG-T1000-10-10-0.25-5PT	1168-TG-T1000-10-10-0.25-5PT-ND

**Reason:** Change of design

**Description:** A new version of this part has been developed to reduce the variation in the product. The new design is similar in form and function and is intended to be a direct replacement for the old part. Unlike the old part however, we will no longer supply the heat sink with the thermal tape already applied but will offer this separately. Since the thermal tape has a shelf life and the heat sink does not, T-Global has decided to supply these parts separately to aid stock holding. The old part will be obsoleted effective immediately.

The recommended thermal tape part for the new heat sink is TG-T1000-10-10-0.25-5PT. Therefore, the addition of TG-T1000-10-10-0.25-5PT thermal tape to the part XL25W-12-12-10, will produce an assembly similar to the part TG-CJP-12-Li98.

Should you require more details or wish to discuss this please do not hesitate to contact us at [sales@tglobaltechnology.com](mailto:sales@tglobaltechnology.com).

**Start date:** Effective immediately (8<sup>th</sup> March 2021)**Approved By:** Duncan Bell, General Manager
