

Global Change Notification (GCN)

Product Family	Rivets for high spe	eed cable assemblies	10630832	
			GCN Number	
Series	74774, 74777, 79 100038, 100069,	555, 74557, 74558, 74590, 547, 79738, 79913, 100036, 111008, 111025, 111027, 111068, 111101, 111148,	March 19, 2014	
			Date Issued	
Reason For Change	Change Construction Or Material			
Change Description	This is to inform you that our vendor no longer supports T-302HQ alloy for the stainless steel rivets that fasten backshells together. The reason for the change is that T-430 alloy will not cause their tooling to break down like T-302HQ alloy did. T-430 alloy has demonstrated comparable tensile strength and corrosion resistance as T-302HQ alloy. We have experience with the new material and have used it in other products successfully. This change will impact rivet part numbers 745470060, 745460115, 745820180, and 1000690080 and for the series listed above.

No photos apply Part Numbers Affected	No photos apply No photos apply			
rait Numbers Affected	Please refer to CustomerPartList.csv attached to e-mail message.			
Reason For Short Notice Exception	Force Majeure			
Assessment Of Change (How Product Will Be Qualified & Validated)	Product has been tested and qualified to Molex specifications.			
Internal Molex Qualification Date (Planned Date Information Available)	April 14, 2014			
Sample Availability Date (Changed Part)	March 17, 2014			
Date of Implementation	April 21, 2014			
Method of Identifying Change	Date code of the cut-in date is recorded.			
Recommended Replacement Parts	N/A			
Last Time Buy Date for Obsolete Parts				
Last Time Ship Date for Obsolete Parts
