

# Product Change Notification

## TE Connectivity

Product Change Notification: PCN-21-106049

PCN Date: 29-JUN-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**  
Heavy Duty Commercial Socket Assembly, Size 16, Stamped and Formed

**Description of Changes**  
The Industrial and Commercial Transportation business unit of TE Connectivity is adding duplicate capacity tooling at an approved outside vendor located in York, PA, for the listed part numbers while continuing to produce these parts at the current Greensboro, NC, TE Connectivity manufacturing location. These PN's are TEC proprietary designs, therefore considered catalog/general market product. TEC reserves the right to move tool back to prior location/supplier based on business need. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees product performance. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved.

**Reason for Changes:**  
Dear Customer, we hereby inform you of this manufacturing change. This change is for expanded capacity to meet our customer order requirements. The change will not impact terminal performance. IMPORTANT: There will be no change to the terminal design and parts from either manufacturing location can be used interchangeably in the field.

<b>Estimated Dates:</b>	
Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	03-SEP-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
