

**A brighter  
idea for  
commercial  
signs.**

Upgrade your commercial and informational signs with 3M™ Engineer Grade Prismatic Reflective Sheeting Series 3430. It features better daytime and nighttime brightness than beaded engineer grade sheeting and meets ASTM D4956 Type I.

# Reflective, reliable and reasonable.

The microprismatic retroreflective optics of Series 3430 Sheeting delivers the performance you want with the reliability and economy you need. It's designed for use on commercial or informational (no parking, restricted parking, etc.) traffic signing applications.

- ▶ Meets ASTM D4956 Type I
- ▶ Available in standard traffic colors
- ▶ Performance life of seven years
- ▶ Pressure-sensitive adhesive
- ▶ Lay-flat, easy-release liner

Series 3430 Sheeting during daytime

Series 3430 Sheeting at night
