

# Product Change Notification

## TE Connectivity

Product Change Notification: P-18-015776

PCN Date: 30-APR-18

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:  
Unit of Measure Change for Spooled tubing products currently sold in Feet Introductory parts

**Description of Changes**

This Product Notification is to inform our customers that TE Connectivity (TE) will be changing the Selling UOM of spooled products to only be sold in the unit of measure of Metres. After much consideration and investigation TE Connectivity has taken the decision to sell and transact spooled quantities of Heat Shrink tubing (-SP and -FSP) in the unit of measure of Metres only (Globally). To ensure this change runs as smoothly as possible we are first implementing this policy on a limited number of parts. (see attached list) which will be small size USA RNF-100 tubing in Black color. After this change has been evaluated and lessons learned we will begin to implement this across all tubing families. We will not do this in one event but in a phased process. The plan will be to implement this by product family when the family has transferred to either Trutnov in the Czech Republic or Shanghai China.

[PCN RNF- 100 small sizes sold in metres affected items with new quantities](#)

**Reason for Changes:**

Document clarification. The timings will be planned to align with the regular Book price change notifications which will include the changes to UOM Metres. PCNs will be issued for each notification event. Please be informed that TE Connectivity has not taken this decision lightly and we do understand that it will cause some disruption to customers currently purchasing in UOM Feet but we do feel this is the best solution for the business and our customers overall as it will minimize shipping and labelling errors. Product labels will continue to have both the Metres and Feet quantity on the label. Packaging updates will be included in future PCNs. For these RNF-100 trial parts the packaging is as declared in the RNF-100 PCN (P-16-013920) already issued. We will implement the change for these parts on July For our Channel partners, we will follow up soon with some additional specific details.

**Estimated Dates:**

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	02-JUL-2018
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
