Nature of Change:
Manufacturing Location Shift
Change of design

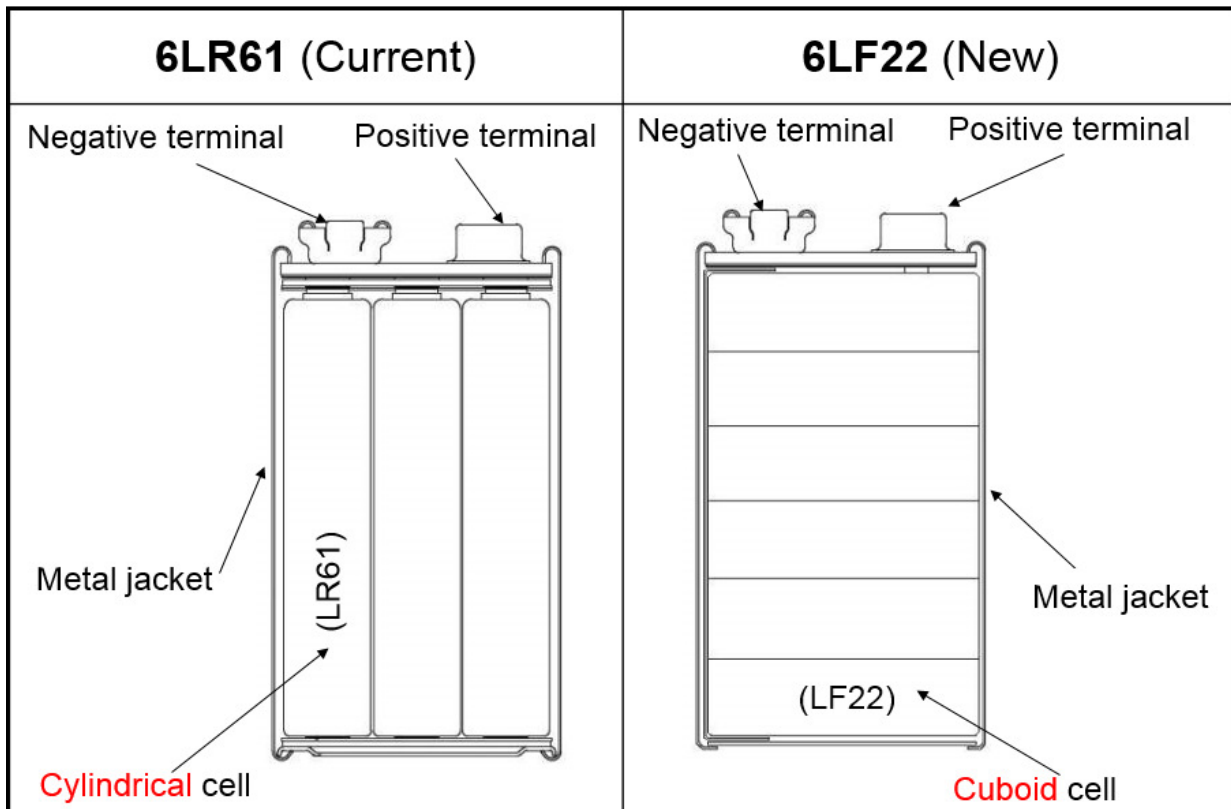

Affected Model:
6LR61XWA

Date of Notice:
September 26th 2014

Attention: Valued customers:

Panasonic Energy Corporation has decided to move the 6LR61XWA production to a facility in Malaysia. There will be no change in the battery performance. The part number, packaging, and construction design of the 9 volt battery has changed.

The new industrial 9 volt part number is 6LF22XWA. Currently, the 9 volt has a cylindrical cell type design. The new 9 volt will have a cuboid cell type design. Please see below for structural comparison.

Part number and case quantity change:

Old Part Number	Old Case Quantities	New Part Number	New Case Quantities
6LR61XWA/B	198	6LF22XWA/B	210
6LR61XWA/1SB	198	6LF22XWA/1SB	210
6LR61XWA/C	72 cells per case (12 cells per box, 6 boxes per case)	6LF22XWA/C	72 cells per case (12 cells per box, 6 boxes per case)

The 6LR61XWA/B has already been replaced by the 6LF22XWA/B.
Please send in all future orders for 9 volt bulk with the new part number and quantities.

The 6LR61XWA/1SB and 6LR61XWA/C will be replaced by the 6LF22XWA/1SB and 6LR22XWA/C between October and December.

Samples are currently available. Please send sample request to your account manager.

Thank you for your understanding regarding this product notice. If you have any questions, please contact your account manager or send an inquiry to oembatteries@us.panasonic.com.

Sincerely,
