

Product Change Notification

TE Connectivity

Product Change Notification: P-19-017475

PCN Date: 07-JUN-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

All IMB versions of IM relay family

Description of Changes

Manufacturing location change. The production of the following Part Numbers will be extended to TE Connectivity Austria plant Waidhofen.

Reason for Changes:

Dear Customer, as a result of our continuous strive for improving our processes, we hereby inform you about an extension of manufacturing footprint. The production extension is executed by following a strict transfer procedure, which guarantees no negative influence on quality, ability to supply and form-fit-function of the concerned products. TE will add a new marking on the relays, identifying it's new production location and will update drawings and packaging labels accordingly. The new manufacturing location is under a certified quality management system according the standard industry requirements. An internal release based on our specifications will be executed before any parts will be delivered, which guarantees the performance.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	01-OCT-2019
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	01-OCT-2000
