Why is this "end of life" taking place?
Siretta has launched a new range of intelligent modems, the SL500 series, which work in conjunction with Siretta's own powerful management portal, SirettaLINK. This platform solution offers the modern hardware and software required to suit the lower costs and power attributes associated with the expansion of low power wide area network(LPWAN) applications, which will become a dominant feature of future industrial IoT communications.

Which intelligent modems work with the SirettaLINk Management Portal?
SL500-LTEM (GL) for LTE Cat M & NB IoT solutions (**Starter Kit Code:61163**)
SL500-LTE1 (EU) for LTE Cat 1 solutions (**Starter Kit Code:61164**)
Datasheets are attached.
