TE Connectivity

Product Change Notification: P-19-016939

PCN Date: 12-FEB-19

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:
JUN-POW-TIM GEH 14P

Description of Changes
Packaging change, Because of potential QA issue. PPQ will be change from 700 to 500
Other attachments:
[Actual packaging](#)
[Droptest](#)
[New Packaging](#)

Reason for Changes:
Product improvement. We will change the packaging, because of a possible complaint. Now we use corrugated layerpad between the products inside the box. We will leave it out, and instead of layerpads we will use a 3D aircap foil. With this foil we can make a better protection for the parts, and also we don't have to stop the production when we reach half fill of box.
