## Matching Network on EVB

### Note:

1. Desired metal/ground clearance area: 15 x 18 mm
2. Width of the 50  $\Omega$  line is designed in accordance with the PCB thickness and material considered
3. Matching network (pi - network) provided is in accordance with the EVB layout and matching will differ in the actual customer PCB depending on the layout

**ATTENTION:** Abracon LLC's products are COTS – Commercial-Off-The-Shelf products; suitable for Commercial, Industrial and, where designated, Automotive Applications. Abracon's products are not specifically designed for Military, Aviation, Aerospace, Life-dependent Medical applications or any application requiring high reliability where component failure could result in loss of life and/or property. For applications requiring high reliability and/or presenting an extreme operating environment, written consent and authorization from Abracon LLC is required.
