After Change

Overview

- Resin manufacture has claimed Force Majeure to Molex at the end of May, No Guarantee of material supplying on current source location Taiwan (China). But their Korea plant can support the same grade of material, in order to support continually. Molex decided to accept the Vendor's proposal.
 - Current Material Source location: Taiwan (China)
 - New Material Source location: Korea
- Molex team will take necessary qualification action on new location material to ensure the same performance on Molex product. Considering the necessary qualification and only location change on resin. Molex supposes this should be low risk on product.
- Product Impact**
 - Material type used in impacted part numbers list is not changing, only the location of where the product is produced & purchased, "no impact to fit, form, function".
- Part Number Impact**
 - see attached impacted parts list (Only impact Molex Chengdu Plant)
- PPAP/qualification will be available upon request.**
 - If PPAP requested, disposition response required within 5 days of submit date or it will be considered approved.
 - If no PPAP requested by 2022/1/25, the PPAP will be considered approved, for ensuring supply continuity.
