Obsolescence Notification : CMX602BD4

Dear Valued Customer,

Please be advised that as the result of an internal review, the following devices are now being classified as Obsolete and are being taken through the CML 'Obsolescence' program. This will assure security of supply in the short term and provide the necessary lead-time for users to migrate to alternative devices.

CMX602BD4 – Calling Line Identifier plus Call Waiting CLI and CIDCW

A 'Last Time Buy' (LTB) procedure is now in force with the following applicable dates:

- Orders on the above products will be accepted from May 25, 2022, through December 2, 2022
All orders are non-cancelable.
- Orders received during the second half of the order acceptance period will be subject to a price increase. The price increase will take affect for orders placed after August 26, 2022.
- Orders must be fully scheduled for delivery, with the latest order schedule date of May 25, 2023.
- The 'LTB' procedure will be completed on May 25, 2023.
- Order acceptance is subject to individual product availability.

CML is not able to offer a pin compatible replacement; similar functionality is supported in the following device:

CMX602BE4 – Calling Line Identifier plus Call Waiting CLI and CIDCW

We look forward to your support in progressing this action to a successful conclusion, but should you need to discuss this further, please do not hesitate to contact our Sales Team directly.

Thank you for the opportunity to serve your needs on these products and we look forward to servicing future needs with our newer products. We apologize in advance for any inconvenience this action might cause.

Best Regards,

A handwritten signature in black ink that reads "I. Furtuna".
