

Product Change Notification

TE Connectivity

Product Change Notification: P-21-020691

PCN Date: 25-MAR-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

2POS, MCON 1.2 CB TAB

Description of Changes

TE is building new tool for the housing 2203315-X that increase our production capacity of the MCON assemblies 2203314-X. The molding tool will be released in China. Production location & ship location of finish goods will not change.

Reason for Changes:

Product improvement. Current production of 2203314-X is not enough to cover the demand, for this reason TE is building a new capacity tool. In addition TE Will supply the 2203314-X series as a temporary replacement of the 2138045-X, to ensure a continuous supply of parts until the new capacity mold stabilizes the current demand situation.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	10-MAY-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments
