#### Description of Changes

The Industrial and Commercial Transportation business unit of TE Connectivity is transferring the production of the part numbers listed below from TE Hemet/CA-USA to TE Tangier/ Morocco. Shipping point will change from Ontario, CA, USA to Heimstetten, Germany. These PNs are TE proprietary designs, therefore considered catalog/general market product. Tools that manufacture parts within this PCN are identified as "swing tool" and TE reserves the right in future to move tool to a TE ICT Manufacturing location and/or a TE externally approved supplier as needed. In case of subsequent transfer of swing tool, PCN will be sent to notify but will have a zero day wait period. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@e.com or TE e-PPAP system. Submissions will not occur without request. If PPAP is requested, disposition response is required within 14 days of submit date or it will be considered approved.
