USB 2.0 Adapter, USB-C to USB Micro-B (M/F)

MODEL NUMBER: **U040-000-MIC-F**

Connects your USB-C device to a USB-A host port using your existing USB Micro-B cable.

Description

The U040-000-MIC-F USB 2.0 Hi-Speed Adapter (M/F) allows you to connect an existing USB Micro-B cable between the USB-C port on your computer, laptop or tablet and a USB-A host port. This allows you to sync and charge your USB-C device without the extra expense of a new USB-C cable.

The portable, compact adapter supports USB 2.0 data transfer speeds up to 480 Mbps. The reversible USB-C male connector plugs into a USB-C port in either direction for fast, fumble-free connection every time.

Molded nickel-plated connectors with corrosion-resistant gold-plated contacts provide maximum conductivity and minimize data loss. The U040-000-MIC-F is backward compatible with previous USB generations.
